

WEBEX student's guide

To help students that cannot physically attend classes, UNICAM provides WEBEX MEETING CENTER SYSTEM by CISCO SYSTEM to offer the opportunity to attend live classes on line.

Through an electronic device (PC, notebook, smartphone, tablet) connected to Internet the WEBEX MEETING CENTER SYSTEM allows access to a virtual classrooms activated by the professors for the lesson. The professor, in addition to the audio-video transmission of the lesson, will share teaching materials and comments with the students, who - coordinated by the professor - will speak and ask questions /explanations.

The links to connect to virtual classrooms are available at <https://www.unicam.it/didatticaduepuntozero/aule-virtuali>;

For any question please send an e-mail to comunicazioni.webex@unicam.it or helpdesk.utenti@unicam.it

For a better effectiveness of the service, we recommend the use of headphones and the turning off the microphone to avoid annoying "return" sounds and environmental effects that could disturb all the other participants to the virtual classroom

To mute the microphone while using WebEx please use the specific button:

now the microphone is mute.

Now you are ready to attend the class. On the right side of the screen you will find the teaching materials that professor could share during the lesson.

The screenshot shows a WebEx meeting interface. At the top left is the CINECA logo (Consorzio Interuniversitario). A status bar at the top indicates "Visualizzazione contenuto condiviso di ...". The main content area displays a slide with the following text:

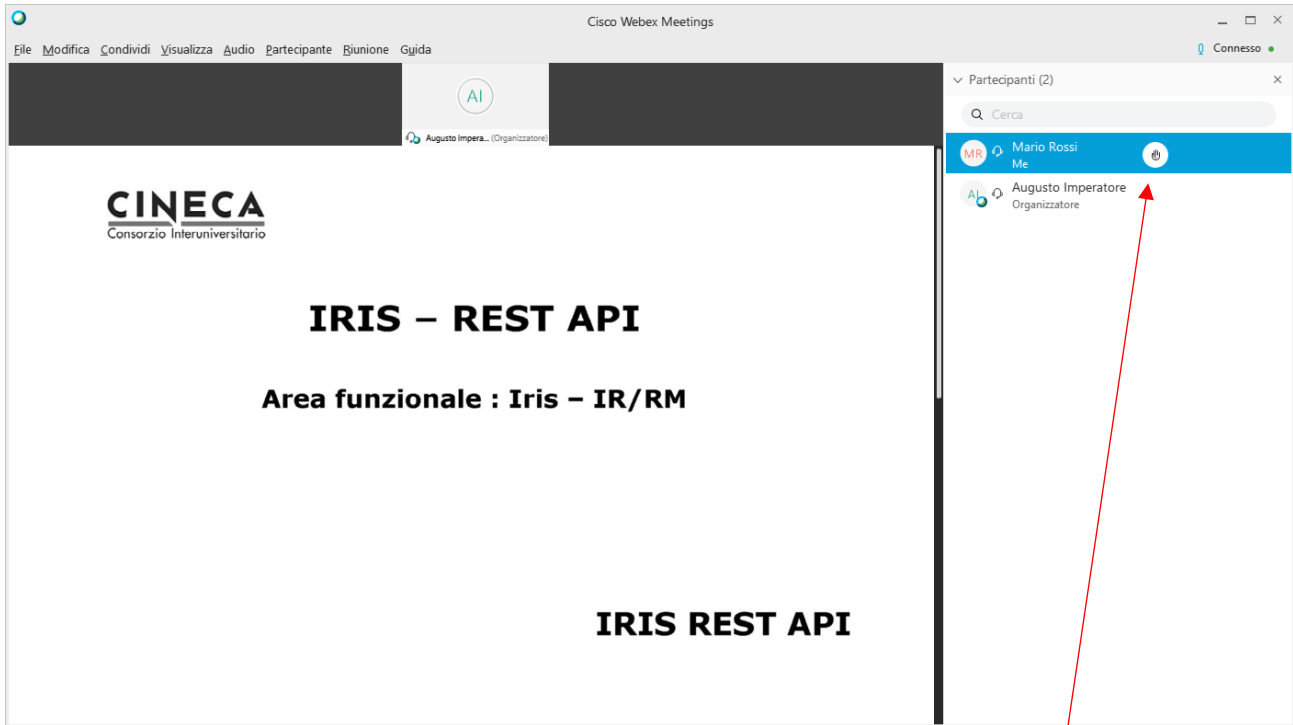

- IRIS – REST API**
- Area funzionale : Iris – IR/RM**
- IRIS REST API**

At the bottom of the slide, there is a row of seven circular icons: a microphone (muted), a camera, a screen share icon, a person icon, a chat icon, a menu icon, and a red close icon. On the right side of the meeting window, there is a vertical toolbar with icons for chat, mute, unmute, and video. At the top right, a small window shows a participant named "Augus... (organizzatore)" with a green "AI" label.
